

**LISTING OF CLAIMS:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Currently amended) A method of rolling membrane sheeting having a preapplied seam tape along one edge comprising placing a plurality of filler strips on said sheeting parallel to said seam tape and rolling said sheeting whereby said seam tape forms a first edge of a formed roll and the filler strips are rolled simultaneously with said sheeting.
2. (Canceled)
3. (Previously amended) The method claimed in claim 1 whereby said filler strips have a thickness equal to the thickness of said seam tape.
4. (Previously amended) The method claimed in claim 1 wherein one of said filler strips is positioned along a second edge of said sheeting.
5. (Original) A roll of membrane sheeting having a first edge and a field portion, a seam tape along said first edge, a plurality of filler strips in said field portion and along a second edge of said membrane sheeting, said filler strips positioned parallel to said first edge.
